

JARED LUTZ

WEB DEVELOPER

PROFILE

Hello! I'm a junior developer in downtown Portland learning React.js at Epicodus. I'm also new to Oregon! I'm driven, passionate, and always learning. I moved 3,000 miles to change my career! If you have a role that you think matches my interests, please reach out!

EDUCATION

Epicodus JS/CSS/React Track **March 2018 - Present**

- Learned to use Webpack, Angular, HTML, CSS, JQuery, Javascript and React.
- Worked in a pair-programming setting and in group collaborations

PROFESSIONAL EXPERIENCE

SGA/GA **Oct 2016 - Present**

GameStop

- Open/Closed Store, managed up to 2 teammates at a time.
- Provided great customer service, paid great attention to detail organizing product and filing.
- Worked with team members to achieve new goals each week.

Outbound Picker/Ambassador **Feb 2014 - 2016**

Amazon

- Managed Team members across a warehouse at least two football fields long(walking back and forth between each individual member no matter where they were in the facility)
- Trained 5 - 10 seasonal employees in Outbound Pick and Safety/Hazards.
- Maintained a rate of 160 items moved per hour while paying great attention to detail ensuring every item was in top quality state
